Match Play is a critical component of game improvement and development. With that in mind we offer the Courtside US Open Junior Tour. Each week the participants will play matches, both singles and doubles, and earn rankings and tour points etc. We use Tencap to track and organize the whole tour and post weekly rankings based on results. Along with the use of Tencap, we video tape each player at least once during the session and show them what we see! A picture is worth a thousand words! Players of this caliber can't go hungry so... each week we provide pizza and lemonade to refresh and nourish all the participants.

- **Players at a higher level will play full sets instead of just tie breakers.** This will create a more "tournament" and match like situation
- **Each player will receive a video critique and analysis with voice over tape analysis.** A picture is worth a thousand words!
- **The program will consist of singles AND doubles play during the season.** This will allow players the chance to work on both aspects of the game and develop skills.
- **The instructional component will return with a critiquing of play by a Courtside professional.** This will add some on the spot advice and feedback which can translate into corrected tactical play.
- **Tencap will continue to be used in recording results, posting standings and keeping statistics.** A perfect venue to view all your stats and standings .
- **Prizes will be awarded for players who win their divisions.**
- **Pizza and lemonade will continue to be served during each session.** "Gotta" keep up the nutrition!
