FALL 2025

COURTSIDE RACQUET CLUB:

A 20-Year Legacy of Passion, Growth, and Community

Today, we stand at a remarkable milestone—*Courtside Racquet Club is proudly celebrating its 20th anniversary.*

Two decades ago, we embarked on a journey to create a haven for tennis lovers, a place where players of all ages and skill levels could thrive, connect, and chase their dreams. As we reflect on these incredible years, we are filled with gratitude for everyone who has made this journey possible: our dedicated employees, loyal members, and the vibrant community that has rallied behind us every step of the way.

From our humble beginnings, Courtside Racquet Club has grown into more than just a tennis facility—it's a family, a training ground, and a launchpad for dreams. Our employees have been the heartbeat of this club, pouring their passion and expertise into every lesson, every event, and every moment shared on our courts. To our coaches, staff, and volunteers: your unwavering commitment has shaped countless lives, and we cannot thank you enough for your tireless efforts. To our members—past, present, and future—your enthusiasm, energy, and love for the game have made Courtside a place where memories are made and goals are achieved.

Over the past 20 years, we've had the privilege of watching our players soar to incredible heights. From young athletes earning spots on high school teams to those who went on to dominate college courts, setting records and leaving lasting legacies at their universities, we've been there to cheer them on. Some have even taken their talents to the professional tours, representing Courtside's spirit of excellence on the global stage. Every serve, every rally, and every victory carries a piece of this club's heart, and we are immensely proud of the role we've played in helping our players turn their dreams into reality.

As we celebrate this milestone, we're not just looking back—we're looking forward to the next chapter. With the continued support of our members and the passion of our community, we are more committed than ever to elevating Courtside Racquet Club. We will strive to innovate, improve, and create the best possible environment for players to grow, compete, and find joy in the game. Whether you're picking up a racquet for the first time or chasing a professional career, we are dedicated to providing an unparalleled experience that inspires and empowers.

Here's to 20 years of smashing serves, lifelong friendships, and unforgettable moments. And here's to the future—where we'll continue to build on this legacy, together. Thank you, Courtside family, for making these two decades so special. Let's keep swinging for the stars!

With gratitude,
The Courtside Racquet Club Team

See You Next Summer!

Introducing the COURTSIDE COMPETITION TEAM: ★ Our Rising Stars

This summer marks the exciting start of our COURTSIDE COMPETITION TEAM, a new program built to support rising players with big goals and serious talent.

AMONG THE OUTSTANDING ACHIEVEMENTS:

- National Champions
- Gold Ball Winners
- UTR 12+ Ratings
- USTA National Team Members
- Little Mo National Champions
- Division I Full Scholarship Athletes
- No. 1 District, Sectional, and National Rankings
- Grand Slam Hitting Partners
- Emerging Pro Tour Players

Affectionately dubbed the "Monster Squad", these young athletes embody skill, determination, and sportsmanship.

STEVE'S TENNIS TIP

HOW TO BEAT A "BASELINER"

I have had a lot of inquiries this past month on how to play against players that are rock steady from the baseline so here you go!

These types of players are pretty common at every level of play. They win the majority of their matches on their opponents errors.

They try to lure you into over hitting because you become impatient. Their successful against players who have weak to average put away shots.

This type of player also prefers playing their matches from the baseline.

HERE ARE SOME TIPS TO DEAL:

- BE PATIENT! Try to hit 5 to 7 shots before you try to do anything with the ball. Work the point, you may get a chance to hit your big shot later when the time fits.

- LOOK FOR OPPORTUNITIES to get to the net and finish. This type of player will not give you anything, so take it to them.
- USE DROP SHOTS OR CHIPS to get them off the baseline. Take them out of their comfort zone.
- SERVE AND VOLLEY. This will keep you from being drawn into a baseline marathon.
- BE AGGRESSIVE ON THEIR SECOND SERVES. Attack!
- MIX UP YOUR GROUND-STROKES. These players love to hit with rhythm.
- DO NOT PLAY THEM SIDE TO SIDE. These players are Golden Retrievers moving side to side! Play them up and back.

Steve Bork,
GM and Director of Tennis

NOW...QUICK WAYS TO LOSE...AVOID!

- BECOMING IMPATIENT and pounding the ball. This is what they want!
- DON'T GET LURED INTO A MARATHON. If it becomes obvious they are stronger from the baseline, change your strategy!
- MAKE SURE THE GAME PLAN YOU USE IS A GAME PLAN YOU OWN! Don't serve and volley if you never have before.

Go get 'em!

WHAT DID YOUR KIDS DO THIS SUMMER?

**Thanks to all our SUMMER CAMP participants!
Have a great school year, see you at the Club!**

If you missed out, we're back next summer...
